I, Lin Zhen Man, D188018 (3), the relevant file number is : **CAPO HKI RN16000117** .

About my complaints to Mr. **Tsang Wai Hung** of ex-director on July 14, 2014 with Oct. 10, 2015 in above file or it can be viewed at [www.ycec.com/Jzm/140714.pdf](http://www.ycec.com/Jzm/140714.pdf) with [www.ycec.com/Jzm/151010b.pdf](http://www.ycec.com/Jzm/151010b.pdf);

And when you were promote to director on May 4, 2015 and one year after, Excellency you finally wroe in reply for me and thank my complaints on May 30, 2016, it notwithstanding my complaints to ex-director that total three case to go to the police still have not to handle, but murder for me of backing by police that layout already temporarily disappeared! 

But today of three years after, as above the murder for me that layout also to be densely covered to come again!

Please to see the attachments 1. or may be read from [www.ycec.net/HK/190522.pdf](http://www.ycec.net/HK/190522.pdf), namely I just a letter to the estate management of Wing Hing Ind. Bldg., that to bring up as my letter to Mr. **Tsang Wai Hung** of ex-director of Police on July 14, 2014 the one reported of the murder layout of 《three case to police》 that videotape of terrorist attack, or at [www.ycec.com/Jzm/130802.avi](http://www.ycec.com/Jzm/130802.avi) can to shown by **their buy down** of the **Mr. Mo** of decoration worker at **Room 18, 6/F., Kam Ling Bldg., Whitty Street** to suddenly frenzied meditate murder for me!

And your **DO/KT** police officer in the report room of the **Kwun Tong** Police Department, who already to filed a case of **KT-14022198** for me, but why did not accept above videotape of terrorist attack for a witness of murder? And after flare up for me : "...What case you can to accuse for **Mr. Jiang Zemin** ? You are a neurotic, catch you to a psychiatric hospital, anymore check this case! "

I also must to be outspoken for Director you : If you enter the homepage of [www.ycec.com](http://www.ycec.com) and click the head portrait of **Mr. Jiang Zemin** that just can to see the complaint filed by our company on Oct., 12, 2007, and from the request have five items, but the main key only have three, below:

1. Because to conceal my medicine invention of to save the SARS calamity of HK and China only can to lead the death toll of more than ten million or millions of people , so first of all must to admit mistake for the bereaved of since May 15, 2003 after, and apologize for all Chinese;
2. You must to order to handling the complaints because our foreign capital company that property to rob by illegal auction means from Court of **Dongguan** with **Shenzhen** two city;
3. You must to order the Intellectual Property Office without fail justly to examine and approve our 《Cure-SARS》 with 《three measures of aviation security》 that two application of invention patent;

And written above, the complaint filed as followed by two paragraph of 『application of law-based』 with 『facts and reasons』 still more clearly and undoubtedly irrefutable!

Above the main reason, I, the inventor, came to HK took only eighteen months to registration a 《Yet Yuan magnetism stuff company》 in 1975year after my accomplishments without anybody comparably so at once widely to respect my name is "Lam Child Prodigy " in electron industry!

And after by a shareholder represent of《Three-strong electron Limited company》come back **Quanzhou City** to do first overseas-funded enterprise and wind **Fujian Province**, so China to recommend foreign capital that to open up also come from this!

However, because I to be loath to do let my Investment shares a book of secondary entry under somebody's name, so I at once to registered for 《Yet Chong Electric Company》 and since then my equipment production line of electric part not only the **Korea, Japan** or the state-run electric part company of **Shanghai** or **Wuhan** City also must to waiting for purchases!

I have also bought the Blk C-4, 13/F., Wing Hing Ind. Bldg., in 1983year, the global only one and high efficiency 5-10 multiple of kind machine of Japan that fully automatic hollow coil machine is also available immediately, but it does not sell and for personal use for a long time to dominates the electron market of HK!

Because the **Mr. Jiang Zemin** just to took office of the Minister of Industry on 1984, so who at once to be covetous and ask his subordinate company a people come for signal to buy but refuse by me, so fully to encircle

and suppress for me by **Jiang Zemin** the starting point began at here!

After begin with on the 1987year, I was also by various equipment production line of electric part same self-restraint exclusive by a “Incoming processing factory” of foreign capital the status to base oneself on **Nanan** of **Quanzhou** City! In addition, I was to **detect** because all-out to invest by **Mr. Jiang’s** industry organization of the Quartz Clock Movement was still unavailable of many years after, but my trial production sample was already quality comparable for Japan’s product only within a few months and my foreign capital factory of “Heng Chong (Shen Zhen) Electronic Co., Ltd.” to establish at Shenzhen City on 1991 of the end of the year, but the **Jiang Zemin** immediately to sent his hometown men to full track siege ..., and finally in 1999 to find a joke excuses at once by a games of “closed door unction” to robbery my nearly 6 million equipment property of by **verification certificates were robbed**, and after again at once to close the Intermediate court of **Dongguan** and **Shenzhen** City by [www.ycec.com/hcec.htm](http://www.ycec.com/hcec.htm) that main page can clear undoubtedly!

Thereafter, my invention of 《**three measures of aviation security**》 also timely help the ex-President **Bush** to announced at the **Chicago** airport on 2001.09.27 only can to lift up unusual at USA that global stock disaster, this invention also to application in Chinese patent office as above the complaint is stated!

But on 2004.11.27 at the government under the China's **Wen Wei newspaper**, with **China News Service** by a eye-catching subject is : “Maybe to influence the **Bush’s** election” to expose **Jiang Jinheng** who how to bribe the younger brother (**Nei I Bush**) of **George Walker Bush** the beauty with money and confess to sign and send out by **Jiang Zemin's** eldest son **Jiang Jinheng**, so at this point to abduct the **small Bush** dare not do admit give me above two patent inventions!

And not only so, beginning on 2005years later, it was inevitable by **Jiang Zemin** or his son **Jiang Jinheng** that the HK & China all the entry and exit control that **eGate** just my one of 《**three measures of aviation security**》 the patent measures to open rob by them! And on 2012year again to abet the intellectual property assistant Director Ms **Ada Leung Ka-lai** who dress uncultured violation to tort grant a patent for the manufacturer of **eGate** also can to see the [www.ycec.com/911/eGate-HK.htm](http://www.ycec.com/911/eGate-HK.htm), and after, China Gov., at this point by this **eGate** for pathbreaker of The **Belt and Road Initiative** also to be resulting! 🚫

As also the request for above appeal, it is obvious that the number of deaths in the China already to exceeded 10 million because to concealing my medical invention.

In particular, except the treatment of “**washing-lungs**” includes I also to open a life big window for cancer patients of the “**freezing or temperature difference**” treatment same to success use to report by **Economic Daily** on Sept. 03, 2003 can to see at [www.ycec.com/Cure-cancer-hk.htm](http://www.ycec.com/Cure-cancer-hk.htm), because this is absolutely effective and no any sequel of the physical therapy, so it will thousand years constant!

But since 2006 after, why haven't useless the cancer vaccines still can to blossomed everywhere in HK and almost all under 18 years the girls by swindle to inoculate?

Similarly, this “**washing-lung**” medical invention is based on an infection that only “**germs**” enters the lungs to breed after become some corpse virus with “**virus-infect**” to have no relationship and can to see from [www.ycec.com/HK/160519.pdf](http://www.ycec.com/HK/160519.pdf) that my a letter to **CHAN Hon-ye** of Director of Health just can to be clear undoubtedly! Still more from [www.ycec.com/HK/161007.pdf](http://www.ycec.com/HK/161007.pdf) that I had other a letter to anger can not use the “measles vaccine” of have not any scientific basis again to put into something to stupid citizen, I also at this letter to introduce by “**saturated brine**” can to disappear for infector of “**measles**” and the average life expectancy of 120 years old in HK also not a question at this point to share enjoyment for public! 🚫

Above basis of argument the **CHAN Hon-ye** can not to refute was inevitably, but heart ashamed of **Yuen kwok-yung** also cannot to argument only can many times at TV to lie : “ ...now, in HK 99.5% people already have the antibody of “**measles**” so not must again to shoot the vaccine!...”, but who still don’t dare to hold the benefits by “**saturated-brine**” still can become a family-hygiene introduce for all citizen!

But **Yuen kwok-yung** why not dare to say that “**99% of Hong Kong people have flu antibodies**” and not must again to shoot the flu vaccine!

Therefore, as shown from the CarrieLam page at [www.ycec.com/HK/CarrieLam-hk.htm](http://www.ycec.com/HK/CarrieLam-hk.htm), inventor me already endeavor to press for Health department must let “**washing-lungs**” & “**freezing or temperature difference**” two treatment open use for public citizen only can to save still more life of citizen! But it’s useless, because in the back of the health sector all to kneel down at by “vaccine” to make a fortune the big business with internal power under that straddle! Why ?

For example, why keen to introduction west Science and Technology of the 《Haiguo Tuzhi》 on 1832year to publish after at once to order for a banned book by **Qing Dynasty**, but this banned book to made Japanese rich and powerful. Why? Because the **Qing Dynasty** thought: If the people control the gun technology, I still have how much of the majestic and awe-inspiring at all ? ! 🚫

Although the vaccine was "invented" in the United Kingdom on 1898 year and the causes still not yet clear, but its theoretical basis has to be broken by my invention already! And why today's China gov., prefer to kill ten millions life of Chinese also must to conceal my two medicine invention not against? So I have already to see the newspaper, in the internal per year to die of cancer have nearly 3 million people, the bereaved are even more must to bankrupt or to be heavily in debt so too ghastly to look at! 📄

It is also because China is a less one sees everyone have not a ballot can to participate in politics in the global country already, whether if have not the vaccine means can to stupid the Chinese nation still have the "*three behalf*"? So the mentality yes or not to more insidious and sinister than the **Qing Dynasty** that already to merit discuss? But however:

**Your police officers and employees of your police department have nearly 40,000 on the newspapers, same above of them are the victims!**

For what reason I must prosecute for *Jiang Zemin* in Shenzhen city that main gene too same the above, whether I was a neurotic as the filed KT-14022198 that **DO/KT** constable to say as front? Now already to be clear with undoubtedly, so this letter to conduce Excellency you openly for subordinate to strengthen manage by the basis of according to law ruling completely and lest thorough to variety! 📄

Although you perhaps cannot advocate the Department of Health to open the "washing-lungs" and "freezing" two treatments also must to inform all police officers and their families that they will no longer be by defrauded again to shot vaccinate only can lest to bane the offspring, and must let above the "*saturated brine*" use for hygiene in any your staff family that only can to lifetime have not any sick to life expectancy over 120 years old, so this responsibility unshakable is on your shoulder!

In particular, I must to inform, today is already not alike in those year before, because my four invention is to be known in the world!

As shown from [www.ycec.net/SG/181018-Cam.pdf](http://www.ycec.net/SG/181018-Cam.pdf) or com, since October of last year email to British University after, by the news report to point the London mutation a China city because had 700,000 British to dragon dance with play lion on of this year, other European countries still have person simply say : "I am Chinese!" on the Lantern Festival etc. even had report, and such as why Canada had to abolish the prejudice policy and apologize for Chinese in April of last year, because they want to gratitude for my invention for extending lifespans to 120 years! 📄

As well as the theme of such "vaccine" of third World War will close to the end, the WHO is also urgent to look for the step down from the stage, but to conceal my medicine two invention the evil backstage manipulator obvious heart is unwilling, they still again to instigate our management of Wing Hing Ind. Bldg. to layout murder for me as described in the attachments 1.

Another to see the **attachments 2**. Why I not report a case to the Police Station of KwunTong? 📄

That is in the roof of my container room that face to face the proprietor of C-10 Unit open rob some thousands value of the iron plate use for his container room of C-10 Unit then I was not at the HK time!

Also because I am on 2019.5.22 still not to see by his promise will to take apart return the U-iron plate, because the hot weather will to reach my C-4 Unit will mend to use, otherwise, I cannot but must to report a case at police!

But he not as past always defer to say because his body not comfortable and at once to change mouth : "If you to report a case at police, I also will to report you have once also to pull and drag for me!", and again to say : "If you dare not do report, that is a dog raising!", why the open robber still dared to be gutsy so arrogant? 📄

It was very obviously, cause by his behind necessarily an evil backstage manipulator to instigate, such as the case of **CAPO HKI RN 09001628**, which can be checked by your Director, or from the homepage of [www.ycec.com/HK-Police/09026607.htm](http://www.ycec.com/HK-Police/09026607.htm) can to be clear undoubtedly!

As in that year, then I had an order of court notice after I must personally to delivery to the litigant, but who at once to push me to escape away. Then a *security guards* of *Conho Mansion* in *Taikoo Place of King's Road* witness the defender of **LDPD 867/2009** Mr. *Li HanFun* refuse to accept and running away on Oct., 16, 2009, and then I facing the street loud to tell: "**If you run again, I must use my cell phone to take a picture to inform Court!**", so the *Li HanFun* snatch and rob my cell phone which was witnessed by the manager of *Conho Mansion* who at once reported the case to 999 with a phone call, and then the fleet of police to be present after also to hear the opinion by me and to record statement and then received a call from a superior, telling me the *Li HanFun* also report a case to police accusing that **I pushed him, so the** police brigade on this reason and arrest me up to a squad car to police station of North Point ! 📄

The absurd thing is, I, *Lin ZhenMan* on the contrary by the 10056 Officer a notify to formal arrest at pm 8:40 of that night, also not to record an affidavit reverse force to a detention room to be insulted for more than three hours!

But *Li HanFun on the other hand, was not detent for statement* record and was free to go home privately!

That also as above by *security guards* of *Conho Mansion* to see street to rob cell phone the *Li HanFun* that report case to police the *Li HanFun* criminal also need not to record the mouth to go home privately!

If only by a facing the street to rob cell phone the criminal at will wicked a sound : “He also to push for me, so I also must to report a case!”, is it possible then my cell phone to rob by a malefactor so must to push away self-defense also belong to a perpetration? 📠

That is today, as soon as if then I go to the *Guantang Police Station* to report by the robbery of the C-10 owner, the robber will report because I before long to “pull him”, then the *Guantang Police Station* too reenactment as open to be against regulations that only can to arrest fore me as in 2009year, yes or not? 📠

It also to accordingly, why the open robbery of the C-10 owner still dare with confidence full want to enrage for me to report the case? If not your police administration section same above to instigate, and will let *Guantang Police Station* to reenactment on ten yeas before open to be against regulations to arrest me the terrible scene?

Is it possible that, I made a mistake by inventing these four big inventions that everyone must use with millennium? Or police personnel may steal solely can? I was believe you are not directing behind the scenes, but my life safety is in your hands, so please assist me to get rid the fear for me! 📠

It can also be seen from the above, I can only be distant from *Guantang Police Station*, but too as the attachments 2., that I already to enrage the data of report case for police, now must to hand *LO Wai-chung* director Excellency you to handling!

This letter includes attachments with a total of 9pages, they can be viewed later at [www.ycec.net/HK/190526.pdf](http://www.ycec.net/HK/190526.pdf) or [.com](http://www.ycec.net) download for reading!
