I, Lin ZhenMan, HKID D188015(3)

It is a pity from www.ycec.com/HK/200115.pdf visible, why starts on Dec., 31, 2019, but the so-called **Wuhan pneumonia** “**crazed**” in Hong Kong and doubled then **Wuhan City** in place? Because this **joke** to shown my this letter to told for the Legislative Council 70 members of HK on January 15, 2020, so five days after, the “**Wuhan Pneumonia**” must to extensively proliferate everywhere “**crazed**” in China by fraud to operation have no choice! 📧

And from www.ycec.com/HK/200128e.pdf can to seen, I had no choice must at once by a letter to inform the President of **HKU**, everyone will use and millennium constant the “**lung airflow epidemic control law**” as long as to use after, any influenza or today’s so-called “**Wuhan Pneumonia**” patient must to **isolate, wear masks** and **washing hands** those low **IQ** of prevention methods with **WHO** both equal immediately to get out! 📧

In addition, the principals of other nine places college of HK also received my letter within the next 2 days, I also at the same time by an attachments email to share for teachers and students with Gov., departments to include medium of HK and TW! And such as www.ycec.com/911/200302-va.pdf it can be seen that “**lung airflow epidemic control law**” also faxed to total of 175 countries in **China, Taiwan** embassy and consulates in **HK**, that such a simple “**epidemic prevention law**” should not have been invented by me for my fifth modern inventions and everyone must to use that will be to know almost the world, yes or not?!

Unfortunately, the so-called **Wuhan pneumonia** in HK creates fraud to “**go crazy**” still do not know to stop? 📧

This just the subject in my letter to you today :

The first essential to point is, the **Isolation Order** should be the legal basis from the **Cap. 599 O.8** 《Public health emergency regulation》 **r.(5)**, so must have “emergency situation” at society only can to legislation!

But the **human coronavirus (HCoV)** has long been regarded as an **unimportant pathogen**, and it only can to lead to “**ordinary head cold**” already know all the international medical community!

The **Yuan Guoyong** not also to confess the **Wuhan pneumonia** as **SARS Coronavirus** to emphasizes the “**gene sequencing**” is somewhat different, but who at once to attempting let this **ordinary head cold** to jactitation call a “**new infectious pathogen**” that cheat skill not also to point at a letter to above Legislative Council 70 members of HK by me a joke :

♯ The human “**gene sequencing**” not also to everyone not alike, so can't do without “**corona species clan**” to come that **virus** is nothing “**new crown virus**” to deceive the public again! ♯, so the Chief Executive **Carrie Lam** who then know cheated after and **Yuan Guoyong** also knew his full of shame so after so even at **TV** to shut up the mouth!

But the **Director of Health** on Jan. 8, 2020 base on **Cap. 599 O.15** still to publish in the

Gazette to allow above the fraud technique of 『serious emerging infectious pathogens the respiratory system disease』 to included in Schedule 1.

But is that useful? Because since Jan. 23, 2020 only have a first case of “confirmed diagnosis” that just can arrogation the **emergency** has been advent ? ? ?

Above visible also may not to violate the emergency regulation of **Cap. 599 O.8**, if not, in this way groundless to come that **Isolation Order** just equal to **driving empty** the international human rights law with violations of basic human rights just as different form a **warrant** too !

As seen above, put aside for the **Yuan Guoyong**, **SC Hui** and **Gabriel Leung** such a “**three medical experts**” to director of “**Isolation Order**” its inherent attempt where? Because to violation the order of **Cap. 599 O.8** that already irrefutable, so must to lift at once! 🇭🇰

Otherwise, the consequent at HK economy full damage all sufferers who equal can by this evidence to make a claim for compensation! 🇭🇰

The fact just is exactly, 🇭🇰 one field unheard-of to lead latest international medical quackery also starts here!

And visible from the news, why the **Yuan Guoyong** earlier then Jan. 8, 2020 already to bring up “person can to infect person” but unfounded by a false report just to make another attempt to lead the way for “**Isolation Order**” clear, is it common cold would not be “person can to infect person” ?

No wonder the Legislative Council Member **KWOK Ka-ki** try to retort, if before the **pathogen** was unknown to amendment? And related closely contacts as family or colleague also be isolated? And when to stop quarantine, etc...., but **Yuan Guoyong** insisted on the need must to amend the law, this just to make some other plan by who will crime the one of surface prove!

Later, **Yuan Guoyong** even more daring will used a “**deep throat saliva sample**” for the **virus** test and arrogation the “**confirmed diagnosis**” that **accuracy** of **91.7%**, so this is a feasible method, and further to boasting the virus still can to “**invisible propagation does not eliminate to erupt in community**” is even more absurd, regardless of the “**deep throat saliva sample**” whether the thing outside the body!

Mr. **Gabriel Leung** is also the same day as 『**Wuhan pneumonia than severe acute respiratory syndrome (SARS)** “**much more cunning**” so “**zero enter is the safest immunization practices**” 』 by this lie to open fraud for public to promote “**isolation order**” etc. that sly face countless!

And the **SC Hui** also to lie at TV on Feb., 8, 2020: 『the latent incubation period of **virus** will be up to 14days, if a little patient never develop any fever, but even without to fever, once in a while they will be appear or develop some symptoms! 』 but I have to agree no a specific medicine can to cure the virus, only to isolate another plot also proves outstanding and so many more!

But how to “**confirmed diagnosis**” is the key? It can be seen at TV that only from in **mouth** to scrap the “**Saliva**” or “**nostril excrement**” again to test whether have the “**virus**”? If have, it will to “**confirmed diagnosis**” for “**positive**”, or else for “**negative**”! And after again to pull out CP China’s **ZhongNanshan** with above the **tools** of three so-called medical experts who (**knowing that the virus is non-organism**) can also to arrogation the “**virus**” has 14-days incubation period to coax public for new medical fraud again to play! 🇭🇰

Because everyone does not live in the atmosphere where all kinds of **germs** can fly, so the “**viruses**” are everywhere have plenty of! If the bacteria does not enter the lungs and only stay the mouth, or clap your hands the **germs may not** have a chance to be killed, so there have different

viruses or **germs** that cannot be killed for a while inevitable, and necessarily have some **positive** of strong or weak can to check, but this early normality of life and not bring harm to health of another person!

Besides, the "in **Saliva** or **nostril excrement** those **germs** or **virus**" still the "ectoparasite", then how can use to "**confirmed diagnosis**" to "**internal**" the morbidity? This just is today's **international medical fraud** and crazy to "**virus**" this dead still can spare from "**person to person**" and to propagate, in fact to infringe human rights the maximum evil at here! 📩

As above the "**confirmed diagnosis**" means by "**saliva** or **nostril** to dig **excrement**" just the so-called "**Wuhan Pneumonia**" to become mentally deranged at worldwide today's **medical fraud** has been international in a big "**stunt**", also from ww.ycec.com/911/200302-va.pdf to **Vatican** the ambassador's letter same can to see current **medical fraud** a focal point with the antecedent causes also at here, so please to download read it and not repeat it!

As a result, there must be an accomplice to questioned above three big monster : 『 **Lin Zhen Man** who too aware your "**stunt**", if who to be compelled to from the **Shenzhen Bay** enter HK, who necessarily know to swallow "**saliva**" and to dig his "**nostril excrement**", and despite you already to maneuver "**falling rock**" at **Lin Zhen Man** to work the Wing Hing Ind. Bldg., also will to "**isolation**" the whole building, but how to call your vassal to order **isolation** for him ? 📩

The **SC Hui** at once said at the **Phoenix TV** to blend towards for **power core** of **CP China** on 10 days ago : 『 Still can to take the lungs, if have shadow can be **determined** diagnosed to **isolation** ! 』

That is to say, if entry HK I will inevitably must to take the lungs, and nor the young people have the shadow consequential, namely **Lin zhen Min** me still hard to escape the "**isolation order**" certain death! Therefore, **Zhong Nanshan** of **CP China** immediately changed the **Wuhan pneumonia** will in end of April only can to the top, but our Gov., from the **Diamond Princess** and **Wuhan** city to withdraw HK people drag and drop let scolded also must to endure, so as not to the **pneumonia** to direct headache is not also the resulting, yes or not? 📩

Also as with as above, this is clearly **medicine scam** which only focus on the most important matter no matter on both the old and new "**virus**" whether the infection source?

And on the before month from **Wireless TV** can be seen, as long as there is a common cold fever who as **Hong Mei House** or **Qingyi** to appear this 6 large medical profession killers then immediately came forward falsely diagnosed as a "**new virus**" infected after the whole building residents must to **isolation** that falsehood means it was ignored as early as on May 19 , 2016. I wrote to the Director of Health a letter from www.ycec.com/HK/160519e.pdf a **small experiment** thus can make "**virus**" is not a **creature** will never reproduce in the body, so by this fundamental the "**virus vaccines**" can raise the "**antibodies**" that past **medical scams** bankruptcy already! 📩

Or, as in the third paragraph of previous page, in the letter to the President of **HKU**, the box on the last page to 📩 angry by me: "... Your **Yuan Guoyong**、 **Gabriel Leung** with any public health professor of **HKU** who have or not the abilities to refutes by writing for me ?" ! 📩

As mentioned above the "**virus infection**" is false or not the subject, you subordinate health department officials them to be fully aware above the three big **medical monster** especially the 2016 year the Director of Health them already have no way out to query by me, but them still using TV and the media continue to coax the citizens into "**virus infection**" non-wear masks and wash、 wash hands cannot still continue to fool the public, so that today's masks shortage chaos everywhere in HK has not really been considered a small matter, but HK people want to escape "**viral vaccine**" exempt to fools of non-natural disasters just a **human disaster** then to be all the more difficult, whether? 📩

Especially as at www.ycec.com/HK/CarrieLam-hk.htm be seen in, when I began on January 28, 2020 by letters to ten college principals introduce everyone will use and millennium will not change the "**lung airflow epidemic prevention Law**" after, **CE Carrie Lam** at **TV** to order all official can not wear mask to shown rational on Feb., 4, 2020! But that night's **Phoenix TV** immediately can to hear "**CE Carrie Lam** does not wear a mask!" informed for the **CP Central Committee**, and then **CE Carrie Lam** lead a team to visit **Shenzhen Bay Port** of Inbound and outbound on Feb., 8, 2020 that picture of team not wear a mask also can to seen at **Phoenix TV**! But all media of HK no one dare to report and at once pull out a singer **Guan Shuyi** yelled the **epidemic prevention** by **Carrie Lam** to Governance "**like Wu Zetian**"!

But **CE Carrie Lam** actually also can to stand it until escort by **Chan Mo-po** with other official again **wear mask** to come **TV** on Feb., 24, 2020, because if not to **wear mask**, the **Wuhan pneumonia** this fraud funny games of **demon king** woe still can to play it? And no wonder the US media to said that "**China is the real sick man in Asia**" and the Europeans widely called "**Yellow Calamity**" to resurge etc., reports, it although media spies of **CP China** were fully launched, there also had some omissions can to see!

No wonder the **college of medicine** of **CUHK** had an investigation report publish on Feb., 18, 2020 to point : HK people only had 16% to believe the epidemic situation report by HK Gov.,!

Seen from the right, the **AFCD of Gov.**, still can use above the trick of "**saliva** or **nostril** to dig **excrement**" include the raise dog also don't let go, as in the before week to test was weakly positive reaction is also must to isolated!

Please immediately wake up the Fisheries and Conservation Department not **teach bad** by above the three big **medical monsters**, because dogs are out gas by nostrils and everyone knows, so all along have not the bacteria can enter the lungs and **fever seldom**! This is the **God created** to give "**lung airflow epidemic prevention law**" this native movement abilities only can to coexist with the world!

If the Director of **AFCD, Sophia Chan** and **Chan Hon-ye** still don't understand, they abdicate for **dog paparazzi**, yes or not? 🚫

Also as I had a letter to be send to 70 member of Legislative Council to recommended the **Andrew Leung** Chairman who ought to lead all member go to the orangutan, monkeys social place to study know only use both hands to pat the lung of left and right again to cough a few times that just can to go out the germs if enter lung, also how come pneumonia?

Now above the **small dog** also to show up salvation coming, so please at once to pass on all above members and your subordinate departments, if still have manly man too though still afraid to take the lead to discard **mask** with extensive introduce "**lung airflow epidemic prevention law**", too hug a small dog to introduce teach for citizen, this only can to **profess** for **people-oriented** a basic mentality of gentleman, yes or not? 🚫 Particularly must to pass on a message for above the **three big medical monsters** too must at once to worship a dog as a teacher, if not, one day they will be scolded by the public who not equal to a dog, and then I will impotent help for them! 🚫

And because as the first page that groundless to come and illegal the "**Isolation Order**" whether should be to recant? And above the **three big medical monsters, Sophia Chan** and **Chan Hon-ye** who at random to hold the common cold case to classify for suspected infector of "**new corona virus**" must to **Isolation** whether already to driving empty international human rights law, violations of basic human rights? And as well as please Chief Secretary Excellency too deserved reply a final conclusion!

Finally, under the regulation of 《**Compulsory Quarantine of Certain Persons Arriving at Hong Kong Regulation**》 4., Chief Secretary Excellency you has the right to exempt certain individuals maybe unaffected the “ **Isolation Order**”, because as above if to **Isolation** I at any time will to incur murder, so please ratify, thank you!

This letter is available online on www.ycec.com/HK/200305.pdf turn ycec.net or ycec.sg equal available for public to download for your reading pleasure !

Sincerely!

March 5, 2020
