[VODIEN # 19424113] Re: Re: ycec.sg - Due for Renewa  
Dear  
Domains

Not must to clarify, I want to transfer the domain ycec.sg away from Vodien it was correct, because you again give me the EEP/Authorization code fore me on 2021-2-11.

Therefore, I already to pay & give before you give me the EEP/Authorization code to authorize other a domain registrar company to transfer on 2021-2-15, the new domain registrar company is En Technologies Pte Ltd, and already give me the Invoice #15159.

Because to transfer must have a EEP/Authorization code to regulations by ICANN, and you already give me, and to transfer the domain name need not to pay the transfer fees, or have opposite order by ICANN, so please must unconditional at once help me to transfer!

But now, you suddenly inform me must in your Vodien account to ask for a domain password only give me to free to transfer this obvious a innovate joke at international network stage and to offend a offense of robbery to insult all Singaporean, yes or not?

Thank you!
